St Joseph`s Catholic Primary School

INTERNET CODE OF CONDUCT

AND E-SAFETY STUDENT AGREEMENT

I will never give out my own or any other student's personal information such as name, phone number or address.

I shall never copy/ paste from any source and present it as my own work and will always attribute the author and source should I judge that it is necessary to do so.

I shall only use the school IT systems, including the internet, email, tablets, digital video, mobile technologies etc. for activities associated with my school and my learning.

I will **NEVER** download, access or install apps/software on school computers, Google Chrome books, iPads and laptops without the permission of a member of staff.

I will NOT search or add staff as friends or contacts on any other social network site.

I shall only communicate with people I know and trust or sites and organisations which are known to be safe. I will not use IT to make an arrangement to meet a person I do not know and understand 'stranger danger`.

I will not browse, download, upload, post, retweet or forward material that could be considered offensive, harmful or illegal. If I accidentally come across any such material I will report it immediately to my teacher.

I will never take, store/ record or forward photos or video footage of any student or member of staff other than for school purposes.

I will ensure that the resources I access are age and content appropriate.

I understand that cyberbullying is malicious and harmful. I know it is unacceptable to use technology to bully, impersonate, harass, threaten, make fun of or upset anyone, at school or outside. I will immediately report any evidence I find to a member of staff.

I understand that all my use of the Internet and other related technologies is monitored.
