Prevent Strategy

Prevent is 1 of the 4 elements of CONTEST, the government's counter-terrorism strategy. It aims to stop people becoming terrorists or supporting terrorism.

The Prevent strategy:

- responds to the ideological challenge we face from terrorism and aspects of extremism, and the threat we face from those who promote these views
- provides practical help to prevent people from being drawn into terrorism and ensure they are given appropriate advice and support
- works with a wide range of sectors (including education, criminal justice, faith, charities, online and health) where there are risks of radicalisation that we need to deal with.
